

## SUMMARY

I'm a frontend developer with 5+ years of experience, specializing in creating dynamic web experiences using React.js, Next.js, and TypeScript. My journey in frontend development has been marked by a passion for uniting creativity and functionality. TypeScript is my secret weapon for writing clean, maintainable code that fuels reliability and scalability. I'm dedicated to optimizing website speed by implementing strategic coding techniques. My commitment staying updated with the latest tech empowers me to work more efficiently.

## EXPERIENCE

### Frontend developer EktaChain

06.2022 - present

During my tenure at EktaChain as a Frontend Developer, I've skillfully utilized React.js, Next.js, MaterialUI, TailwindCSS, Wagmi, WalletConnect, Web3, and Ethers.js to develop over 7 impactful dApps. From concept to deployment, I pride myself on delivering clean, maintainable code aligned with industry standards.

### Frontend developer i-Neti

08.2021 - 06.2022

During my role as a Frontend Developer at i-Neti, I've effectively utilized React.js, Next.js, MaterialUI, MobX, and various other technologies to successfully develop and deploy over 5 web applications. With a focus on creating responsive and engaging user interfaces, I've consistently delivered solutions that align with user expectations.

### Web developer freelance.ru

11.2018 - 08.2021

During my time as a Web Developer at freelance.ru, I've adeptly utilized Vue.js, React.js, HTML, CSS, Javascript, and a range of other tools to successfully construct and launch more than 20 web applications.
